### Company

### First Description

CG PIS Pvt Ltd

- In-house product development that successfully reduced material costs by 3%
- Worked as a Project Engineer Trainee on SAP MM, Purchase Orders, and RFQs.
- Examining purchase patterns, pricing, and trends, resulted in a 5% reduction on material cost.

Foxberry Technologies

- Public Service Analytics & Advisory – Key Contributions
  - Grievance Analytics (PCMC): Streamlined grievance resolution through trend analysis, root-cause identification, and actionable dashboards to improve citizen service delivery.
  - Healthcare & Medical Analytics: Enhanced healthcare operations with patient-journey analytics, disease-prevention insights, and data models supporting maternal health, immunization, dengue, and COVID monitoring.
  - UNICEF Collaboration: Worked with UNICEF on ASHA Training & Monitoring by designing data-driven evaluation frameworks, performance dashboards, and impact measurement systems.
  - Sentiment & Visitor Analytics: Conducted large-scale news sentiment analysis for the Public Relations Office and created visitor analytics dashboards to support public communication strategies.
  - Strategic Governance (PCMC): Supported Maharashtra State's 150-Day Action Plan through data-backed progress tracking, technology interventions, and coordination with multiple government stakeholders.
  - MHADA Initiatives: Built end-to-end analytics for Visitor Management, E-Office operations, grievance classification, and environmental insights to improve tree plantation monitoring and sustainability planning.

Reflexion AI Pvt Ltd

- Systems Improvement & Advisory: Partnered with departments to modernize public systems, optimize
- Analyzed complex datasets to generate actionable insights that improved business decision-making and operational efficiency.
- Built interactive Power BI dashboards and automated reports to support leadership with real-time, data-driven visibility.
- Performed data cleaning, modeling, forecasting, and advanced analytics using SQL, Python, and cloud tools
